

- **Wallhugger Seating** - The recline mechanism allows the chair to fully recline even when placed within inches of a wall.
- **Chaise Lounger Footrest** - A special padding design that closes the gap between the seat and the footrest, for continuous head-to-toe support.
- **Tray Tables** - These insert able tray tables are burlwood and can be stored in the side storage compartments.
- **Optional Wine Glass Caddy** - The wine glass caddy will fit any size glass and has a very stable foundation to prevent spillage.
- **Optional IPAD Dock** - This is an adjustable IPAD dock that slides into the home theater seat tray table holder.
- **Optional Lighted Cupholder** - The ambient blue light gives off a nice soft glow that makes finding your drink a breeze in low light conditions.

Distance from wall needed for full recline: 3"  
Seatback Height: 37½"
