

- **Wallhugger Seating** - The recline mechanism allows the chair to fully recline even when placed within inches of a wall.
- **Chaise Lounger Footrest** - A special padding design that closes the gap between the seat and the footrest, for continuous head-to-toe support.
- **Optional Montage Warranty** - Add a 5 year top shelf warranty to your product. If your new furniture is covered by this warranty and becomes accidentally stained or damaged.
- **Optional Pro Buttshaker** - Imagine the sensation of feel added to the boom of the bass, have your seat respond to the sound you are seeing in real time.
- **Optional Lighted Cupholder** - The ambient blue light gives off a nice soft glow that makes finding your drink a breeze in low light conditions.

Distance from wall needed for full recline: 3"
Seatback Height: 39"
